

New National Campaign Created to Combat Loan Modification Scams

*Housing Opportunities Made Equal of Virginia
July 28, 2010*

The current economic climate has provided fertile ground for con artists who seek to take advantage of desperate and distressed homeowners. As a result, a coordinated national campaign, the Loan Modification Scam Prevention Network (LMSPN or Network) was created. The Lawyers' Committee is leading a large-scale mobilization of resources in a comprehensive campaign to enhance and support existing state and local efforts, increase scam reporting, educate homeowners, and work with law enforcement.

Housing Opportunities Made Equal is hosting FREE training Monday, August 26. Alejandro Reyes, staff attorney with Lawyers' Committee will be on hand to give a overview and discuss how this resource can help the people you serve. If you are unable to attend, please send someone from your staff.
